

Name _____ Date _____ Period _____

Parent Functions III: $1/x$ and Asymptotes - Warm-Up

Algebra II Honors | Unit 1 | Lesson 6 Warm-Up | TEK A2.2.A

Objective: Three quick questions before today's lesson: today's skill, a review skill, and a skill you will need today.

1. Today's Skill

Complete: $f(x) = 1/x$ at $x = -1/2, 1/2$.

$$f(-1/2) = \underline{\hspace{2cm}} \quad f(1/2) = \underline{\hspace{2cm}}$$

2. Spiral Review

Prove algebraically that $p(x) = 7x^3$ is odd.

$$p(-x) = \underline{\hspace{2cm}}$$

3. Skill You'll Need Today

Simplify $12/x$ for $x = 4$, then state the domain restriction this creates in set notation for a general expression k/x ($k \neq 0$).

$$12/4 = \underline{\hspace{2cm}} \quad \text{Domain: } \underline{\hspace{2cm}}$$
