

Name _____ Date _____ Period _____

Comparing All Seven Parent Functions - Warm-Up

Algebra II Honors | Unit 1 | Lesson 8 Warm-Up | TEK A2.2.A

Objective: Three quick questions before today's lesson: today's skill, a review skill, and a skill you will need today.

1. *Today's Skill*

Classify $f(x)$, x to the 4th power, as even, odd, or neither, using the algebraic test.

$$f(-x) = \underline{\hspace{2cm}} \quad \underline{\hspace{2cm}}$$

2. *Spiral Review*

Convert $\log_3 27 = 3$ to exponential form.

3. *Skill You'll Need Today*

A table lists 3 functions by domain: f : all reals; g : $x > 0$; h : all reals except 0. Which one has a domain that excludes just a single point, rather than a whole range of values?
