

Name _____ Date _____ Period _____

Formulating Absolute Value Linear Equations - Warm-Up

Algebra II Honors | Unit 2 | Lesson 4 Warm-Up | TEK A2.6.D

Objective: Three quick questions before today's lesson: today's skill, a review skill, and a skill you will need today.

1. *Today's Skill*

A recipe needs 4 cups of flour, within $\frac{1}{3}$ cup. Formulate an equation - do not solve - then state the center and margin.

Equation: _____ Center: _____ Margin: _____

2. *Spiral Review*

Give the vertex of $f(x) = -2|x - 6| + 4$, and state whether it opens up or down.

Vertex: _____

3. *Skill You'll Need Today*

Write an equation for: "three times a number, decreased by 4, equals 11."
