

Name _____ Date _____ Period _____

Composition to Verify Inverses - Warm-Up

Algebra II | Unit 1 | Lesson 13 Warm-Up | TEK A2.2.D

Objective: Three quick questions before today's lesson: today's skill, a review skill, and a skill you will need today.

1. Today's Skill

If $f(x) = x + 2$ and $g(x) = 3x$, find $f(g(2))$.

$$g(2) = \underline{\hspace{2cm}} \qquad f(6) = \underline{\hspace{2cm}}$$

2. Spiral Review

Restrict $f(x) = x^2$ to $x \geq 0$ and give $f^{-1}(x)$.

$$f^{-1}(x) = \underline{\hspace{2cm}}$$

3. Skill You'll Need Today

If $f(x) = x + 2$ and $g(x) = 3x$, find $g(f(2))$ - the other order, contrast with Question 1.

$$f(2) = \underline{\hspace{2cm}} \qquad g(4) = \underline{\hspace{2cm}}$$
